

**2<sup>nd</sup> ONLINE CONGRESS**  
**September 12-13, 2020**

<b>Saturday September 12, 2020</b>			
<b>09:00-16:00 CET</b>			
		<b>Introduction</b> Zeev Shoham, Israel, Milton Leong, Hong Kong	
<b>9:00-11:50</b>		<b>Session 1: Opening session: The COVID 19 pandemic and reproductive medicine, new perspectives</b>	
		How the identification of specific COVID-19 phenotypes has changed our understanding of anti-COVID immunity <b>Norbert Gleicher, USA</b>	
		IVF in the time of the COVID19 pandemic: Securing safe practice <b>Milton Leong, Hong Kong</b>	
		The impact of COVID19 pandemic on IVF <b>Zeev Blumenfeld, Israel</b>	
<b>10:50-11:25</b>		<b>Session 2: Special lecture</b> Moderator: <b>Milton Leong, Hong Kong</b>	
		Why doesn't the ovary benefit from the "longevity dividend"? <b>Gerald Schatten, USA</b>	
<b>11:25-11:40</b>		<b>Special lecture – The future of IVF – My vision</b>	
<b>11:40-12:30</b>	<b>Session 3: GnRH analogues in reproduction</b> Moderator: <b>Ariel Weissman, Israel</b>	<b>12:00-12:25</b>	<b>Session 6: Donor eggs</b> Moderator: <b>Yuval Yaron, Israel</b>
	Dual trigger for oocyte maturation in the IVF program: Time to change our practice <b>Raoul Orvieto, Israel</b>		Should embryos from egg donors undergo PGT-A (Preimplantation genetic testing for aneuploidy)? <b>Avner Hershlag, USA</b>
	Advances and pitfalls in GnRH agonist triggering <b>Ariel Weissman, Israel</b>	<b>12:25-14:10</b>	<b>Session 7: Fertility preservation</b> Moderator: <b>Jacques Donnez, Belgium</b>
<b>12:30-14:00</b>	<b>Session 4: Progestogen use in women across her life span – show me the evidence</b> Moderator: <b>Zeev Shoham, Israel</b>		Fertility treatment in breast cancer patients <b>Dror Meirow, Israel</b>
	Endometriosis and infertility: Patients preference and treatment options <b>Svetlana Dubrovina, Russia</b>		How to improve ovarian tissue transplantation? <b>Marie-Madeleine Dolmans, Belgium</b>
	Early Pregnancy Loss: what can we offer? <b>Asher Bashiri, Israel</b>		Fertility preservation in children <b>Hamish Wallace, UK</b>
	IVF and luteal phase support: what can we offer our patients? <b>Andrea Weghofer, Austria</b>		Worldwide experience, summary of session and Q&A <b>Jacques Donnez, Belgium</b>

**2<sup>nd</sup> ONLINE CONGRESS  
September 12-13, 2020**

<b>14:00-15:30</b>	<b>Session 5: Harnessing the power of data</b> Moderator: <b>Zeev Shoham</b> , Israel	<b>14:10-15:10</b>	<b>Session 8: Striving for excellence in IVF treatment</b>
	The importance of using an electronic patient record for IVF units: Improving patient care through accurate analysis of data <b>Dean Morbeck</b> , New Zealand		Key performance indicators in assisted reproductive technologies <b>Dominique DeZiegler</b> , France
	Machine learning made simple, but not that simple.... <b>Coby Metzger</b> , Israel		Effective evaluation of the management of the IVF laboratory <b>Laura Rienzi</b> , Italy
	How to Be a Good Online IVF Doctor <b>Ron Harman King</b> , USA		

<b>Sunday September 13, 2020</b>			
<b>09:00-16:00 CET</b>			
<b>09:00-10:40</b>	<b>Session 9: Monitoring IVF from home</b>		
	Moderator: <b>Bart Fauser</b> , The Netherlands		
	Tele-monitoring of IVF ovarian stimulation using patient-made vaginal sonography <b>Jan Gerris</b> , Belgium		
	Home monitoring for FET cycles <b>Tjiske Zaat</b> , The Netherlands		
	Home monitoring <b>John Zhang</b> , USA		
	Measuring estrogen from the saliva <b>Denny Sakkas</b> , USA		
<b>10:40-11:40</b>	<b>Session 10: PCOS</b>		
	Moderator: <b>Roy Homburg</b> , UK		
	The enigma of PCOS <b>Roy Homburg</b> , UK		
	The treatment of Infertility associated with PCOS <b>Adam Balen</b> , UK		
<b>12:40-12:10</b>	<b>Session 11: ESHRE guidelines for ovarian stimulation for IVF/ICSI</b>	<b>12:00-13:00</b>	<b>Session 15: Sperm section</b>
	Moderator: <b>Zeev Shoham</b> , Israel		Moderator: <b>Zeev Shoham</b> , Israel
	1. The preferred LH suppression protocol? 2. Management of the High responder: The agonist trigger and Freeze all 3. Management of the Low responder <b>Frank Broekmans</b> , The Netherlands		The journey of the sperm in the reproductive tract <b>Sherman Silber</b> , USA
<b>12:10-13:00</b>	<b>Session 12: Advanced endometriosis – Surgery or IVF</b>		Sperm selection in assisted reproduction: A review of established methods and cutting-edge possibilities <b>Giuseppina Marzano</b> , Italy
	Moderator: <b>Tommaso Falcone</b> , USA		
	Pro surgery <b>Horace Roman</b> , France	<b>13:00-14:30</b>	<b>Session 16: Biomarkers in reproductive medicine</b>
	Pro IVF <b>Dominique DeZiegler</b> , France		Moderator: <b>Zeev Shoham</b> , Israel
			Critical Assessment of the endometrium: established vs effectiveness <b>Nick Macklon</b> , UK
<b>13:00-13:30</b>	<b>Session 13: Adenomyosis</b>		Menstrual cycle length within the normal range and ovarian reserve biomarkers <b>Jonny Younis</b> , Israel
	Moderator: <b>Zeev Shoham</b> , Israel		

**2<sup>nd</sup> ONLINE CONGRESS**  
**September 12-13, 2020**

	Is there a treatment that can solve the issue and improve pregnancy? <b>Sherman Silber, USA</b>	<b>14:30-15:20</b>	<b>Session 17: Case studies</b> Moderator: <b>Norbert Gleicher, USA</b>
<b>13:30-15:00</b>	<b>Session 14: The drugs for ovarian stimulation, the embryo and the mitochondria – Back to basic science</b> Moderator: <b>Evelyn Telfer, UK</b>		A 45 year-old female presents with a desire to conceive but, for religious (or other) reasons does not wish to consider third-party donor eggs. What are the options and what are the treatments? Standard CHR treatment(s) including experimental treatment with including androgen supplementation, hGH and PRP. Expected out come and discussion with Q&A <b>Norbert Gleicher, USA; David Barad, USA; Pasquale Patrizio, USA</b>
	How far is IVG of human oocytes from clinical application? <b>Evelyn Telfer, UK</b>	<b>15:20-16:30</b>	<b>Session 18: Show me the evidence</b> Moderator: <b>Ariel Weissman, Israel and Milton Leong, Hong Kong</b>
	The role of the mitochondria in reproductive medicine <b>Justin St John, Australia</b>		Implantation failure <b>Jason Frnasiak, USA</b> Do we have any information on the time between embryo loading and time of transfer? Should bed rest be recommended after transfer Ultrasound guided ET Technique of transfer (Full bladder, removal of cervical mucus, dummy transfer) Endometrial traumatization Should sexual relationship would be allow after  ET
	Is there a connection between COS and embryo arrest? What gonadotropin physiology has to do with it? <b>David Albertini, USA</b>		Female BMI limits for assisted reproduction: Should there will be a limit to start treatment. The Overweight and Underweight. <b>Jose Bellver, Spain</b>

2<sup>nd</sup> ONLINE CONGRESS  
September 12-13, 2020

<b>On-demand</b>	<b>Workshop #1</b>
	<p>Ovarian cryopreservation and thawing: Physiological background and detailed laboratory technique. <b>Claus Yding Anderson and his team, Denmark</b></p>
	<p>This workshop will allow all those who are interested in ovarian preservation to learn from the expert in the field. Following the theoretical section, the team in Denmark will explain in details all steps included, to allow you to do it, successfully at your laboratory.</p>
<b>On-demand</b>	<b>Workshop #2</b>
	<p>IVM techniques and why they work <b>Sherman Silber and his team, USA</b></p>
	<p>This workshop will allow all those who are interested to perform IVM to learn from the expert in the field. Following the theoretical section, the team in St Louis will explain in details all steps included, to allow you to do it, successfully at your laboratory.</p>
