

2nd ONLINE CONGRESS
September 12-13, 2020

Saturday September 12, 2020			
09:00-16:00 CET			
	Introduction Zeev Shoham , Israel, Milton Leong , Hong Kong		
9:00-10:50	Session 1: Opening session: The COVID 19 pandemic and reproductive medicine, new perspectives		
	How the identification of specific COVID-19 phenotypes has changed our understanding of anti-COVID immunity Norbert Gleicher , USA		
	IVF in the time of the COVID19 pandemic: Securing safe practice Milton Leong , Hong Kong		
	The impact of COVID19 pandemic on IVF Zeev Blumenfeld , Israel		
10:50-11:25	Session 2: Special lecture Moderator: Milton Leong , Hong Kong		
	Why doesn't the ovary benefit from the "longevity dividend"? Gerald Schatten , USA		
11:25-12:00	Special lecture – The future of IVF – My vision		
12:00-12:50	Session 3: GnRH analogues in reproduction Moderator: Ariel Weissman , Israel	12:00-12:25	Session 6: Donor eggs Moderator: Yuval Yaron , Israel
	Dual trigger for oocyte maturation in the IVF program: Time to change our practice Raoul Orvieto , Israel		Should embryos from egg donors undergo PGT-A (Preimplantation genetic testing for aneuploidy)? Avner Hershlag , USA
	Advances and pitfalls in GnRH agonist triggering Ariel Weissman , Israel	12:25-14:10	Session 7: Fertility preservation Moderator: Jacques Donnez , Belgium
12:50-14:20	Session 4: Progestogen use in women across her life span – show me the evidence Moderator: Zeev Shoham , Israel		Fertility treatment in breast cancer patients Dror Meirow , Israel
	Endometriosis and infertility: Patients preference and treatment options Svetlana Dubrovina , Russia		How to improve ovarian tissue transplantation? Marie-Madeleine Dolmans , Belgium
	Early Pregnancy Loss: what can we offer? Asher Bashiri , Israel		Fertility preservation in children Hamish Wallace , UK
	IVF and luteal phase support: what can we offer our patients? Andrea Weghofer , Austria		Worldwide experience, summary of session and Q&A Jacques Donnez , Belgium

2nd ONLINE CONGRESS
September 12-13, 2020

14:10-15:30	Session 5: Harnessing the power of data Moderator: Zeev Shoham , Israel	14:10-15:10	Session 8: Striving for excellence in IVF treatment
	The importance of using an electronic patient record for IVF units: Improving patient care through accurate analysis of data Dean Morbeck , New Zealand		Key performance indicators in assisted reproductive technologies Dominique DeZiegler , France
	Machine learning made simple, but not that simple.... Coby Metzger , Israel		Effective evaluation of the management of the IVF laboratory Laura Rienzi , Italy
	How to Be a Good Online IVF Doctor Ron Harman King , USA		

**2nd ONLINE CONGRESS
September 12-13, 2020**

Sunday September 13, 2020			
09:00-16:00 CET			
09:00-10:40		Session 9: Monitoring IVF from home	
		Moderator: Bart Fauser , The Netherlands	
		Tele-monitoring of IVF ovarian stimulation using patient-made vaginal sonography Jan Gerris , Belgium	
		Home monitoring for FET cycles Tjiske Zaat , The Netherlands	
		Home monitoring John Zhang , USA	
		Measuring estrogen from the saliva Denny Sakkas , USA	
10:40-11:35		Session 10: PCOS	
		Moderator: Roy Homburg , UK	
		The enigma of PCOS Roy Homburg , UK	
		The treatment of Infertility associated with PCOS Adam Balen , UK	
11:35-12:00		Session 11: ESHRE guidelines for ovarian stimulation for IVF/ICSI	
		Moderator: Zeev Shoham , Israel	
		1. The preferred LH suppression protocol? 2. Management of the High responder: The agonist trigger and Freeze all 3. Management of the Low responder Frank Broekmans , The Netherlands	
12:00-12:55	Session 12: Advanced endometriosis – Surgery or IVF	12:00-13:00	Session 15: Sperm section
	Moderator: Tommaso Falcone , USA		Moderator: Zeev Shoham , Israel
	Pro surgery Horace Roman , France		The journey of the sperm in the reproductive tract Sherman Silber , USA
	Pro IVF Dominique DeZiegler , France		Sperm selection in assisted reproduction: A review of established methods and cutting-edge possibilities Giuseppina Marzano , Italy
12:55-13:30	Session 13: Adenomyosis	13:00-14:30	Session 16: Biomarkers in reproductive medicine
	Moderator: Zeev Shoham , Israel		Moderator: Zeev Shoham , Israel
	Is there a treatment that can solve the issue and improve pregnancy? Sherman Silber , USA		Critical Assessment of the endometrium: established vs effectiveness Nick Macklon , UK

**2nd ONLINE CONGRESS
September 12-13, 2020**

<p>13:30-15:00</p>	<p>Session 14: The drugs for ovarian stimulation, the embryo and the mitochondria – Back to basic science Moderator: Evelyn Telfer, UK</p>		<p>Menstrual cycle length within the normal range and ovarian reserve biomarkers Jonny Younis, Israel</p>
	<p>The role of the mitochondria in reproductive medicine Justin St John, Australia</p>	<p>14:30-15:15</p>	<p>Session 17: Case studies Moderator: Norbert Gleicher, USA</p>
	<p>How far is IVG of human oocytes from clinical application? Evelyn Telfer, UK</p>		<p>A 45 year-old female presents with a desire to conceive but, for religious (or other) reasons does not wish to consider third-party donor eggs. What are the options and what are the treatments? Standard CHR treatment(s) including experimental treatment with including androgen supplementation, hGH and PRP. Expected out come and discussion with Q&A Norbert Gleicher, USA; David Barad, USA; Pasquale Patrizio, USA</p>
	<p>Is there a connection between COS and embryo arrest? What gonadotropin physiology has to do with it? David Albertini, USA</p>	<p>15:15-16:15</p>	<p>Session 18: Show me the evidence Moderator: Ariel Weissman, Israel and Milton Leong, Hong Kong</p>
			<p>Implantation failure Jason Fransiak, USA Do we have any information on the time between embryo loading and time of transfer? Should bed rest be recommended after transfer Ultrasound guided ET Technique of transfer (Full bladder, removal of cervical mucus, dummy transfer) Endometrial traumatization Should sexual relationship would be allow after ET</p>
			<p>Female BMI limits for assisted reproduction: Should there will be a limit to start treatment. The Overweight and Underweight. Jose Bellver, Spain</p>

2nd ONLINE CONGRESS
September 12-13, 2020

On-demand	Workshop #1
	<p>Ovarian cryopreservation and thawing: Physiological background and detailed laboratory technique. Claus Yding Anderson and his team, Denmark</p>
	<p>This workshop will allow all those who are interested in ovarian preservation to learn from the expert in the field. Following the theoretical section, the team in Denmark will explain in details all steps included, to allow you to do it, successfully at your laboratory.</p>
On-demand	Workshop #2
	<p>IVM techniques and why they work Sherman Silber and his team, USA</p>
	<p>This workshop will allow all those who are interested to perform IVM to learn from the expert in the field. Following the theoretical section, the team in St Louis will explain in details all steps included, to allow you to do it, successfully at your laboratory.</p>
